DISTRICT OF COLUMBIA CIRCUIT

KURT MADSEN

APPELLANT

V

WILLIAM SMITH, et. Al.

APPELLEE.

MEMORANDUM

The Appellant/Applicant/Victim/Citizen/Person, hereafter "Appellant" whom is considered a team member of the human race, has filed several MOTIONS in an effort to retain and regain his Liberty from the oppression of his Constitutional Rights, by the international brotherhood of teamsters union members, which account for several million oppressions of Peoples rights year after year, although they are a derivative of the insurrectionist and rebels whom attempted to overthrow the Union of the United States, beginning on December 20, 1860. Some 150 years later, as evidence in the Congressional findings in 42 USC §15601, they have regained control over People which now outnumber the Imported under Article 1 Section 9 Clause 1 People, and counted as 3/5 under Article 1... to add "representation". The reality is the "white supremacy" movement was begun back in 1801, when John Marshall, became the "one supreme Court" "Chief", apparently his brother James was a member of your Court, sometime after he claimed

James Madison refused to provide him with the commission for Marbury, when in reality his brother John as 'SOS' held the "document" in "**abeyance**" in the INFAMOUS case of Marbury v Madison 5 US 137 (1803) the SCAM of the Centurie{S}

Therefore the "Rule of Flaw" is omitted from this pleading.

The Appellee's main concern is not to be victimized by lawless violence in the hands of the Appellee and secondly is to submit documents for the "record" which due to something contrary to "Good Behaviour" is limited. Moreover, as can be seen in EXHIBIT A is very contrary to "Good Behaviour" 'Kennedy' in this case other than John or Robert in previous pleadings is "little else than a name".

On January 23, 2016, the Appellee attended oral arguments for case # 15-5190 only to, too or two numbers away from his case number, which is still "held waiting for an ANSWER". The point here is the Appellant heard the clerk say:

"God save the United States"

for the first time in his life, as you all know the snow storm created a form or style of "white supremacy" which the corrupt corporation of the district of Columbia, which is overrepresentation against the doctrine of our nation, a derivative of the Appellee and apparently the remaining judicial department, which should be washed away like recommendation upon the sign I "stole" out of the bathroom on the 3rd floor, EXHIBIT B or the "clean hands doctrine" which mine are although I'm white my race is the human kind, and "white supremacy" will melt away someday just as the snow is doing today, it's nothing but a cancer upon our society.

It obvious the Court is a waste of my time as is the "one supreme Court"... the *superior tribunal* constitutes the Union of the United

States constitutes being members of Congress which I have apparently unsuccessfully motioned to Intervene.

Lastly the “one supreme Court” claims on the facade “JUSTICE IS THE GUARDIAN OF LIBERTY” that’s on the backside were one delivers pleadings since “their business” does not allow electronic filing, in reality what’s the difference since although the “inferior” Courts within the Article 1 Section 8 Clause 17 Seat of the Government of the United States don’t allow filing electronically unless you’re a member of their “BAR” or one obtains “permission”, obviously.....

ORDER

Before: KOZINSKI, Chief Judge, HAWKINS and WARDLAW, Circuit Judges.

A review of the record demonstrates that this court lacks jurisdiction over this appeal because the order challenged in the appeal is not final or appealable.

See 28 U.S.C. § 1291; *Chacon v. Babcock*, 640 F.2d 221, 222 (9th Cir. 1981)

(order is not appealable unless it disposes of all claims as to all parties); *see also In re San Vicente Med. Partners Ltd.*, 865 F.2d 1128, 1131 (9th Cir. 1989) (order)

(magistrate judge order not final or appealable). Consequently, this appeal is dismissed for lack of jurisdiction.

All pending motions are denied as moot.
